This will happen simply by bringing your counterfoil slip into the surgery or, alternatively, you can post it to us or use the option on our website at [www.poolhealthcentre.co.uk](http://www.poolhealthcentre.co.uk). Please allow two working days for us to process your repeat request when it will then be ready for collection at the surgery, or we shall forward it to your nominated chemist if you have indicated a preference. Please also note the chemist could then require at least one working day to prepare your repeat medication. We recommend requesting your repeat medication a full four working days in advance to allow for any queries or stock issues at your chemist.
